To Stockholders of Allakos Inc.:

Our 2024 Annual Meeting of Stockholders (“2024 Annual Meeting”) will be held on Friday, May 24, 2024, at 2:30 p.m., PDT. The 2024 Annual Meeting will be conducted exclusively online via a live webcast. You will be able to attend the meeting, submit your questions during the meeting and vote your shares electronically at the meeting by registering at www.proxydocs.com/ALLK. Because the meeting is completely virtual and being conducted via the Internet, stockholders will not be able to attend the meeting in person. In order to attend the meeting, you must register at www.proxydocs.com/ALLK. The attached notice and proxy statement describe the formal business to be transacted at the meeting.

In accordance with the rules of the Securities and Exchange Commission, we are advising our stockholders of the availability on the Internet of our proxy materials related to our forthcoming annual meeting. These rules allow companies to provide access to proxy materials in one of two ways. Because we have elected to utilize the “full set delivery” option, we are delivering paper copies of all proxy materials to each stockholder, as well as providing access to those proxy materials on a publicly accessible website. Beginning on April 23, 2024, you may read, print and download our 2023 Annual Report to Stockholders on Form 10-K and our Proxy Statement at www.proxydocs.com/ALLK.

You may vote your shares by regular mail, online or by telephone. The 2024 Annual Meeting is being held so that stockholders may consider the election of Class III directors, the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024, and a non-binding advisory vote on the compensation of our named executive officers.

Our Board of Directors determined that the matters to be considered at the 2024 Annual Meeting are in the best interests of us and our stockholders. For the reasons set forth in the Proxy Statement, our Board of Directors unanimously recommends a vote “FOR” the election of each Class III director, a vote “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024, and a vote “FOR” the approval, on a non-binding advisory basis, of the compensation of our named executive officers.

On behalf of the Board of Directors and the officers and employees of Allakos Inc., I would like to take this opportunity to thank our stockholders for their continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Alexander".

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

Notice is hereby given that our 2024 Annual Meeting of Stockholders (“2024 Annual Meeting”) will be held virtually via live webcast on the Internet on Friday, May 24, 2024, at 2:30 p.m., PDT for the following purposes:

1. Election of Class III director nominees;
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024;
3. Approve, on a non-binding advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement; and
4. To transact such other business as may properly come before the meeting or any adjournment thereof.

These proposals are more fully described in the Proxy Statement following this Notice.

Our Board of Directors recommends that you vote (i) FOR the election of the respective nominees for Class III directors named in this proxy statement to serve as directors of the Company, (ii) FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024 and (iii) FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers as described in this proxy statement. You will be able to attend the meeting, submit your questions during the meeting, and vote your shares electronically at the meeting by registering at www.proxydocs.com/ALLK.

Along with the attached Proxy Statement, we are sending you copies of our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Our Board of Directors has fixed the close of business on March 28, 2024, as the record date for the determination of the stockholders entitled to notice of, and to vote at, the 2024 Annual Meeting. Accordingly, only stockholders of record at the close of business on that date will be entitled to vote at the 2024 Annual Meeting.

Stockholders are cordially invited to attend the 2024 Annual Meeting. Regardless of whether you plan to attend, please mark, date, sign and return the enclosed proxy to ensure that your shares are represented. If you are a stockholder of record and are voting by proxy, your vote must be received by 11:59 p.m., PDT on May 23, 2024, to be counted. You may also attend the 2024 Annual Meeting virtually and vote your shares then. Please note that if you hold your shares through a brokerage account or through a bank or another nominee, they may have an earlier deadline. Please refer to the voting instructions you received from such broker, bank or other record holder.

By order of the Board of Directors,

Robert Alexander, Ph.D.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting To Be Held on May 24, 2024

The Securities and Exchange Commission (the “SEC”) has adopted rules regarding how companies must provide proxy materials to their stockholders. These rules are often referred to as “notice and access,” under which a company may select either of the following options for making proxy materials available to its stockholders:

- the full set delivery option; or
- the notice only option.

A company may use a single method for all of its stockholders or use full set delivery for some while adopting the notice only option for others.

Full Set Delivery Option

Under the full set delivery option, a company delivers all proxy materials to its stockholders by mail as it would have done prior to the change in the rules. In addition to delivery of proxy materials to stockholders, the company must post all proxy materials on a publicly accessible website and provide information to stockholders about how to access the website.

In connection with our 2024 Annual Meeting, we have elected to use the full set delivery option. Accordingly, you will receive all proxy materials by mail. These proxy materials include the Notice of 2024 Annual Meeting of Stockholders, proxy statement, proxy card and our Annual Report on Form 10-K.

Notice Only Option

Under the notice only option, which we have elected NOT to use for the 2024 Annual Meeting, a company must post all proxy materials on a publicly accessible website. Instead of delivering proxy materials to its stockholders, the company instead delivers a “Notice of Internet Availability of Proxy Material.” The notice must include, among other things:

- information regarding the date and time of the 2024 Annual Meeting of stockholders as well as the items to be considered at the meeting;
- information regarding the website where the proxy materials are posted; and
- various means by which a stockholder can request paper or e-mail copies of the proxy materials.

If a stockholder requests paper copies of the proxy materials, these materials must be sent to the stockholder within three business days and by first class mail.

We May Use the Notice Only Option in the Future

Although we have elected to use the full set delivery option in connection with the 2024 Annual Meeting, we may choose to use the notice only option in the future. By reducing the amount of materials that a company needs to print and mail, the notice only option provides an opportunity for cost savings as well as conservation of paper products. Many companies that have used the notice only option have also experienced a lower participation rate resulting in fewer stockholders voting at the meeting. We plan to evaluate the future possible cost savings as well as the possible impact on stockholder participation as we consider future use of the notice only option.

Householding

We and some banks, brokers and other nominee record holders participate in the practice of “householding” proxy statements and annual reports. This means that we and such banks, brokers and other nominee record holders are permitted to mail only one copy of our documents, including the 2023 Annual Report and this proxy statement to any household in which two or more different stockholders reside and are members of the same household or in which one stockholder has multiple accounts. We will promptly deliver a separate copy of either document to you upon written or oral request to Allakos Inc., 825 Industrial Road, Suite 500, San Carlos, California 94070, Attention: Corporate Secretary, 1-650-597-5002. If you want to receive separate copies of the proxy statement or annual report

to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

When is the 2024 Annual Meeting?

Our 2024 Annual Meeting will be held on Friday, May 24, 2024, at 2:30 p.m. PDT.

What do I need to do to attend the 2024 Annual Meeting?

This year's annual meeting will be a virtual meeting via live webcast on the Internet. In order to vote or submit a question during the 2024 Annual Meeting, you will need to register for the meeting at www.proxydocs.com/ALLK with the control number included on your Notice or proxy card and follow the instructions in the email you will receive after registering. Any stockholder wishing to attend the 2024 Annual Meeting must visit www.proxydocs.com/ALLK to register before May 23, 2024 at 11:59 p.m. PDT. Beneficial stockholders who do not have a control number may gain access to the meeting by logging into their broker, bank or other nominee's website and selecting the shareholder communications mailbox to link through to the meeting. Instructions should also be provided on the voting instruction card provided by your broker, bank or other nominee.

What is the purpose of the 2024 Annual Meeting?

At our 2024 Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, consisting of:

- Proposal No. 1: The election of each of the Class III directors nominated by our Board of Directors ("Board") and named in this Proxy Statement to serve for a three-year term and until their successors are duly elected and qualified;
- Proposal No. 2: The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024; and
- Proposal No. 3: A non-binding advisory vote on our named executive officer compensation.

What are the Board's recommendations?

Our Board recommends that you vote:

- "FOR" the election of the respective nominees for the Class III directors named in this proxy statement;
- "FOR" the ratification of the appointment of Ernst & Young LLP; and
- "FOR" the approval, on a non-binding advisory basis, of the compensation of our named executive officers as described in this proxy statement.

Who is entitled to vote at the 2024 Annual Meeting?

Only holders of our common stock as of the close of business on March 28, 2024, the record date, are entitled to receive notice of and to vote at the 2024 Annual Meeting. In deciding all matters at the 2024 Annual Meeting, each stockholder will be entitled to one vote for each share of our common stock owned as of the record date. We do not have cumulative voting rights for the election of directors. As of the record date, there were 88,544,474 shares of our common stock outstanding and entitled to vote. We do not have any outstanding shares of preferred stock.

Stockholders of Record. If your shares of common stock are registered directly in your name with our transfer agent, Equiniti Trust Company, LLC, then you are considered the stockholder of record with respect to those shares, and the proxy materials were sent directly to you by us. As a stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote on your own behalf at the 2024 Annual Meeting. Throughout this proxy statement, we refer to these holders as "stockholders of record."

Street Name Stockholders. If your shares are held in a brokerage account or by a broker, bank or other nominee, then you are considered the beneficial owner of shares held in street name, and the proxy materials were forwarded to you by your broker, bank or other nominee, which is considered the stockholder of record with respect to those

shares. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares held in your account by following the instructions that your broker, bank or other nominee sent to you. Throughout this proxy statement, we refer to these holders as “street name stockholders.”

Is there a list of registered stockholders entitled to vote at the 2024 Annual Meeting?

A list of stockholders entitled to vote at the meeting will be available for examination by any stockholder for any purpose germane to the 2024 Annual Meeting for a period of 10 days ending on the day before the date of the 2024 Annual Meeting during our ordinary business hours at our principal executive offices at 825 Industrial Road, Suite 500, San Carlos, California 94070.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of common stock representing a majority of the combined voting power of the outstanding shares of stock on the record date will constitute a quorum, permitting the meeting to conduct its business. Abstentions, choosing to withhold authority to vote and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. If less than a quorum is represented at the 2024 Annual Meeting, a majority of the shares so represented, or the chairperson of the meeting, may adjourn the 2024 Annual Meeting from time to time without further notice other than announcement at the meeting.

What vote is required to approve each item?

- Proposal No. 1: Each director is elected by a plurality of the voting power of the shares present in person (including virtually) or represented by proxy at the 2024 Annual Meeting and entitled to vote on the election of directors. A plurality means that the nominees with the largest number of FOR votes are elected as directors. You may (1) vote FOR the election of all of the director nominees named herein, (2) WITHHOLD authority to vote for all such director nominees or (3) vote FOR the election of all such director nominees other than any nominees with respect to whom the vote is specifically WITHHELD by indicating in the space provided on the proxy. Because the outcome of this proposal will be determined by a plurality vote, any shares not voted FOR a particular nominee, whether as a result of choosing to WITHHOLD authority to vote or a broker non-vote, will have no effect on the outcome of the election. If you WITHHOLD your vote as to all nominees, you will be deemed to have abstained from voting on Proposal No. 1, and such abstention will have no effect on the outcome of the proposal.
- Proposal No. 2: The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2024 requires the affirmative vote of a majority of the voting power of the shares present in person (including virtually) or represented by proxy at the 2024 Annual Meeting and entitled to vote thereon. You may vote FOR or AGAINST this proposal, or you may indicate that you wish to ABSTAIN from voting on this proposal. Abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against this proposal, i.e., will have the same effect as a vote AGAINST this proposal. Because this is a routine proposal, your broker, bank or other nominee will have discretion to vote your shares on this routine matter. See “*What if I do not specify how my shares are to be voted or fail to provide timely directions to my broker, bank or other nominee?*” below. Therefore, we do not expect any broker non-votes on this proposal.
- Proposal No. 3: The approval, on a non-binding advisory basis, of the compensation of our named executive officers as described in this proxy statement requires the affirmative vote of a majority of the voting power of the shares present in person (including virtually) or represented by proxy at the 2024 Annual Meeting and entitled to vote thereon. You may vote FOR or AGAINST this proposal, or you may indicate that you wish to ABSTAIN from voting on this proposal. Abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against this proposal, i.e., will have the same effect as a vote AGAINST this proposal. Broker non-votes are not included in the tabulation of voting results on this proposal, and will not affect the outcome of voting on this proposal.

Except as otherwise provided by law, our amended and restated certificate of incorporation, our amended and restated bylaws or the rules of any applicable stock exchange on which our securities are listed, the affirmative vote

of a majority of the shares of common stock present or represented by proxy and entitled to vote thereon is required for the approval of any other matter that may be submitted to a vote of our stockholders.

What if I do not specify how my shares are to be voted or fail to provide timely directions to my broker, bank or other nominee?

Stockholders of Record. If you are a stockholder of record and you submit a proxy, but you do not provide voting instructions, your shares will be voted:

- “FOR” the election of each Class III director nominee named in this proxy statement;
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2024;
- “FOR” the approval, on a non-binding advisory basis, of the compensation of our named executive officers as described in this proxy statement; and
- in accordance with the recommendation of our Board of Directors with respect to all other matters as may properly come before the 2024 Annual Meeting.

Street Name Stockholders. Brokers, banks and other nominees holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker, bank or other nominee will have discretion to vote your shares on our sole routine matter: the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2024. Your broker, bank or other nominee will not have discretion to vote on our other proposals, which are considered non-routine matters, absent direction from you. In the event that your broker, bank or other nominee votes your shares on our routine matter, but is not able to vote your shares on the non-routine matters, then those shares will be treated as broker non-votes with respect to the non-routine proposals. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your shares are counted on each of the proposals.

What are the effects of abstentions and broker non-votes?

An abstention represents a stockholder’s affirmative choice to decline to vote on a proposal. If a stockholder indicates on its proxy card that it wishes to abstain from voting its shares, or if a broker, bank or other nominee holding its customers’ shares of record causes abstentions to be recorded for shares, these shares will be considered present and entitled to vote at the 2024 Annual Meeting. As a result, abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against a proposal in cases where approval of the proposal requires the affirmative vote of a majority of the voting power of the shares present in person or represented by proxy at the 2024 Annual Meeting and entitled to vote thereon (e.g., Proposal No. 2 and Proposal No. 3). However, because the outcome of Proposal No. 1 (Election of Directors) will be determined by a plurality vote, abstentions will have no impact on the outcome of such proposal as long as a quorum exists.

A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, bank or other nominee does not have discretionary voting power with respect to such proposal and has not received voting instructions from the beneficial owner of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the 2024 Annual Meeting but will not be counted for purposes of determining the number of votes cast. Therefore, a broker non-vote will make a quorum more readily attainable but will not otherwise affect the outcome of the vote on Proposals No. 1 and 3. Because Proposal No. 2 is a routine proposal, your broker, bank or other nominee will have discretion to vote your shares on this routine matter. See “*What if I do not specify how my shares are to be voted or fail to provide timely directions to my broker, bank or other nominee?*” above. Therefore, we do not expect any broker non-votes on Proposal No. 2, however, if a broker non-vote is received for Proposal No. 2, it will make a quorum more readily attainable but will not otherwise affect the outcome of the vote.

Who will count the votes?

A representative of Mediant Communications, Inc. will tabulate the votes and act as inspector of election.

How do I vote?

Stockholders of Record. You may vote by following the instructions set forth on your proxy card or, if you are a street name holder (that is, if you hold your shares through a bank, broker or other holder of record), you must vote in accordance with the voting instruction form provided by your bank, broker or other holder of record. You may access the Notice, proxy materials and our annual report to stockholders at www.proxydocs.com/ALLK.

Street Name Stockholders. If you are a street name holder, the availability of telephone or internet voting will depend upon your bank's, broker's, or other holder of record's voting process. If you are not voting in person at the 2024 Annual Meeting, your vote must be received by **11:59 p.m., PDT on May 23, 2024** to be counted.

Can I change my vote after I return my proxy card?

Stockholders of Record. Yes. The giving of a proxy does not eliminate the right to vote in person should any stockholder giving the proxy so desire. Stockholders have an unconditional right to revoke their proxy at any time prior to the exercise of that proxy, by voting in person at the 2024 Annual Meeting, or by filing a written revocation or duly executed proxy bearing a later date with our Secretary at our headquarters.

Street Name Stockholders. If you are a street name stockholder, then your broker, bank or other nominee can provide you with instructions on how to change or revoke your proxy.

Who pays for costs relating to the proxy materials and annual meeting of stockholders?

Our Board is soliciting the enclosed proxy. The costs of preparing, assembling and mailing this proxy statement, the Notice of Annual Meeting of Stockholders and the enclosed Annual Report and proxy card, along with the cost of posting the proxy materials on a website, are to be borne by us. In addition to the use of mail, our directors, officers and employees may solicit proxies personally and by telephone, facsimile and other electronic means. They will receive no compensation in addition to their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. We may reimburse these persons for their expenses in so doing.

PROPOSAL NO. 1 – ELECTION OF DIRECTORS

One of our sitting Class III Directors, Robert Andreatta, and Dolca Thomas, M.D., currently a Class I Director, will stand for election as Class III Directors at the 2024 Annual Meeting. Daniel Janney and E. Rand Sutherland, M.D., current Class III directors, were not nominated by our Board for re-election. The decision not to nominate Mr. Janney and Dr. Sutherland for re-election was not due to a disagreement with our management or Board, and we extend our gratitude and appreciation to Mr. Janney and Dr. Sutherland for their contributions to Allakos.

Our Board currently consists of nine members, with staggered three-year terms, pursuant to our amended and restated certificate of incorporation and amended and restated bylaws. As Daniel Janney and E. Rand Sutherland, M.D., Class III Directors, were not nominated for re-election to the Board, their current terms end effective upon the election of directors at the 2024 Annual Meeting. The Board has resolved that upon the expiration of Mr. Janney's and Dr. Sutherland's terms, the authorized number of directors shall be reduced to seven, consisting of two (2) Class I directorships, three (3) Class II directorships, and two (2) Class III directorships. Proxies cannot be voted for a greater number of persons than the number of nominees named in this Proxy Statement.

The terms of office of directors in Class I, which consists of Robert Alexander, Ph.D., Steven P. James, and, prior to her transition to a Class III directorship in upon the election of directors at the 2024 Annual Meeting, Dolca Thomas, M.D., and Class II, which consists of Paul Walker, Amy L. Ladd, M.D., and Neil Graham, M.D., expire at our Annual Meetings of Stockholders to be held in 2025 and 2026, respectively. At the recommendation of our corporate governance and nominating committee of the Board (“Corporate Governance and Nominating Committee”), our Board proposes that each of Robert Andreatta and Dolca Thomas, M.D. be elected as a Class III director for a three-year term expiring at our 2027 Annual Meeting of Stockholders, or until such director's successor is duly elected and qualified, or until their earlier death, resignation, disqualification or removal. Dolca Thomas, M.D. has agreed to serve as a Class III Director if elected at the 2024 Annual Meeting in order to maintain the sizes of the three classes of our Board as nearly equal as practicable. If any nominee for any reason is unable to serve or will not serve, the proxies may be voted for such substitute nominee as the proxy holder may determine.

Our directors and their ages as of March 31, 2024 and current positions with the Company are provided in the table below and in the additional biographical descriptions set forth in the text below the table.

| Name | Age | Position | Class and Term |
|------------------------------|-----|--------------------------------------|-----------------------------|

- (1) Member of audit committee of the Board

(3) Member of corporate governance and nominating committee of the Board
(4) Member of research and clinical development committee of the Board
(5) Although Dolca Thomas, M.D., currently serves as a Class I Director, she has agreed to serve as a Class III Director if elected at the 2024 Annual Meeting in order to more evenly distribute Board membership among the three classes of directors.

If the appointment is not ratified by our stockholders, the Audit Committee may reconsider whether it should appoint another independent registered public accounting firm.

We expect that representatives of Ernst & Young LLP will attend the 2024 Annual Meeting and will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY

**RECOMMENDS A VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT PUBLIC
ACCOUNTING FIRM UNDER PROPOSAL NO. 2**

PROPOSAL NO. 3 – ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), our stockholders are entitled to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers (“NEOs”) as disclosed in this proxy statement.

As described in detail under the heading “Executive Compensation Discussion,” our executive compensation programs are designed to retain and incentivize the high-quality executives whose efforts are key to our long-term success. Under these programs, our named executive officers are rewarded on the basis of individual and corporate performance measured against established corporate and strategic goals. Please read the remainder of this proxy statement for additional details about our executive compensation programs, including the section entitled “Executive Officer and Director Compensation” for information about the fiscal year 2023 compensation of our NEOs.

The compensation committee of our Board (the “Compensation Committee”) continually reviews the compensation programs for our NEOs to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders’ interests and current market practices.

We are asking our stockholders to indicate their support for our NEO compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our NEOs’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement.

The Board has adopted a policy providing for triennial advisory votes on the compensation of our named executive officers. Accordingly, we expect that the next “say-on-pay” vote will occur at our 2027 annual meeting of stockholders.

Vote Required

The affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote thereon is required to approve, on a non-binding advisory basis, the compensation awarded to NEOs. Abstentions will have the same effect as a vote AGAINST this proposal. Broker non-votes are not included in the tabulation of voting results on this proposal, and will not affect the outcome of voting on this proposal.

Because your vote is advisory, it will not be binding upon the Board. However, the Board and the Compensation Committee value the opinions expressed by our stockholders and will review the voting results in connection with their ongoing evaluation of our executive compensation program.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF NAMED EXECUTIVE OFFICERS UNDER PROPOSAL NO. 3

TRANSACTION OF OTHER BUSINESS

Our Board does not know of any other matters to be raised at the 2024 Annual Meeting. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the proxies will use their discretionary voting authority under the proxy to vote the proxy in accordance with the recommendation of our Board. If the meeting is adjourned or postponed, then proxies can vote your shares at the adjournment or postponement as well.

CORPORATE GOVERNANCE

Director Independence

Our common stock is listed on the Nasdaq Global Select Market (“Nasdaq”). Under the rules of Nasdaq, independent directors must comprise a majority of a listed company’s board of directors. In addition, the rules of Nasdaq require that, subject to specified exceptions, each member of a listed company’s audit, compensation and corporate governance and nominating committees be independent. Audit committee members and compensation committee members must also satisfy the independence criteria set forth in Rule 10A-3 and Rule 10C-1, respectively, under the Exchange Act. Under the rules of Nasdaq, a director will only qualify as an “independent director” if, in the opinion of that company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

To be considered to be independent for purposes of Rule 10A-3 and under the rules of Nasdaq, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries or (2) be an affiliated person of the listed company or any of its subsidiaries.

To be considered independent for purposes of Rule 10C-1 and under the rules of Nasdaq, the board of directors must affirmatively determine that each member of the compensation committee is independent, including a consideration of all factors specifically relevant to determining whether the director has a relationship to the company which is material to that director’s ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to: (i) the source of compensation of such director, including any consulting, advisory or other compensatory fee paid by the company to such director and (ii) whether such director is affiliated with the company, a subsidiary of the company or an affiliate of a subsidiary of the company.

Our Board undertook a review of its composition, the composition of its committees and the independence of our directors and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. Based upon information requested from and provided by each director concerning her or his background, employment and affiliations, including family relationships, our Board has determined that each of Robert E. Andreatta, Neil Graham, M.D., Daniel Janney, Steven P. James, Amy L. Ladd, M.D., E. Rand Sutherland, M.D., Dolca Thomas, M.D. and Paul Walker, representing eight of our nine directors, do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the rules of Nasdaq.

In making these determinations, our Board considered the current and prior relationships that each nonemployee director has with our company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each nonemployee director, and the transactions involving them described in the section titled “Certain Relationships and Related Party Transactions.” There are no family relationships among any of our directors or executive officers.

Board Leadership Structure

Our Board is currently chaired by Mr. Janney. As a general policy, our Board believes that separation of the positions of nonemployee Chair of our Board and Chief Executive Officer reinforces the independence of our Board from management, creates an environment that encourages objective oversight of management’s performance and enhances the effectiveness of our Board as a whole. As such, Robert Alexander, Ph.D. serves as our Chief Executive Officer while Mr. Janney serves as the nonemployee Chair of our Board but is not an officer. We currently expect and intend the positions of nonemployee Chair of our Board and Chief Executive Officer to continue to be held by two individuals in the future. We believe that this leadership structure is appropriate given the attention, time, effort, and energy that the Chief Executive Officer is required to dedicate to his position in the current business environment, and the high level of commitment required to serve as Chair of our Board. We have not yet selected a new Chair of the Board to succeed Mr. Janney.

Role of Board of Directors in Risk Oversight

Our Board has an active role, as a whole and also at the committee level, in overseeing the management of our risks. Our Board is responsible for general oversight of risks and regular review of information regarding our risks, including credit risks, liquidity risks, cybersecurity risks and operational risks. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee is responsible for overseeing the management of risks relating to accounting matters and financial reporting. The Corporate Governance and Nominating Committee is responsible for overseeing the management of risks associated with the independence of our Board and potential conflicts of interest. The Research and Clinical Development Committee is responsible for assisting the Board in overseeing, evaluating and making decisions related to our research and development programs. Although each committee is responsible for evaluating certain risks and overseeing the management of such risks, our entire Board is regularly informed through discussions from committee members about such risks. Our Board believes its administration of its risk oversight function has not negatively affected the Board's leadership structure.

Board Diversity Matrix

We are proud to have a well-balanced and diverse group of employees and believe that our current workforce structure demonstrates our commitment to diversity in all aspects of our business. We note that more than half of our employees as of December 31, 2023, identified as non-Caucasian and more than half as female. We also know that diversity is vital at every level, including the Board.

We added female board members in July 2022 and July 2023, both with extensive medical backgrounds and experience. In August 2021, a separate female board member voluntarily resigned from her Allakos board seat as a condition of her employment to accept a chief executive officer position at another company. Improving our position on board diversity is a priority and we support the election and appointment of diverse candidates to the Board when appropriate opportunities arise. The Corporate Governance and Nominating Committee values the diversity of thought and backgrounds of our Board members as well as their ability to work collaboratively with other Board members and the management team. The Corporate Governance and Nominating Committee instructs the search firms it engages to include qualified candidates with diverse backgrounds, including diversity by race, ethnicity, gender and sexual orientation. We remain committed to seeking diversity on our Board.

The table below provides certain highlights of the composition of our Board members and nominees as of March 31, 2024. Each of the categories listed in the table below has the meaning as it is used in Nasdaq Rule 5605(f).

Board and Committee Meetings

During 2023, our Board held thirteen meetings (including regularly scheduled and special meetings), and each director attended at least 75% of the aggregate of (i) the total number of meetings of our Board held during the period for which she or he served as a director and (ii) the total number of meetings held by all committees of our Board on which she or he served during the periods that she or he served.

It is the policy of our Board to regularly have separate meeting times for independent directors without management. Although we do not have a formal policy regarding attendance by members of our Board at annual meetings of stockholders, we encourage, but do not require, our directors to attend. All of our then-serving directors attended our 2023 annual meeting of stockholders.

Board Committees

Our Board has established an Audit Committee, a Compensation Committee, a Corporate Governance and Nominating Committee, and a Research and Clinical Development Committee. We believe that the composition of these committees meets the criteria for independence under, and the functioning of these committees comply with the requirements of, the Sarbanes-Oxley Act of 2002, the Nasdaq rules and SEC rules and regulations. We comply with Nasdaq requirements with respect to committee composition of independent directors. Additionally, in 2023 our Board established a Research and Clinical Development Committee to assist the Board in overseeing various scientific matters related to our drug discovery and preclinical and clinical development programs. Each committee has the composition and responsibilities described below. Our Board may from time to time establish other committees.

Our Compensation Committee has engaged Compensia, Inc. ("Compensia"), as its independent compensation consultant. The Compensation Committee has assessed the independence of Compensia, considering all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act. Based on this review, the Compensation Committee concluded that there are no conflicts of interest raised and that Compensia is independent. In the future, the Corporate Governance and Nominating Committee may pay fees to third parties to assist in identifying or evaluating director candidates.

Stockholder Recommendations for Nominations to the Board

A stockholder that wants to recommend a candidate for consideration by the Corporate Governance and Nominating Committee for election to the Board should direct the recommendation in writing by letter to the Company, attention of the Secretary, at 825 Industrial Road, Suite 500, San Carlos, California 94070. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company and evidence of the recommending stockholder's ownership of Company stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for Board membership, including issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like and personal references.

A stockholder that instead desires to nominate a person directly for election to the Board at an annual meeting of the stockholders must meet the deadlines and other requirements set forth in Section 2.4 of our amended and restated bylaws and the rules and regulations of the SEC. Section 2.4 of our amended and restated bylaws require that a stockholder who seeks to nominate a candidate for director must provide a written notice to our Secretary not later than 5:00 p.m., Pacific time, on the 45th day nor earlier than 8:00 a.m., Pacific time, on the 75th day before the one-year anniversary of the date on which we first mailed its proxy materials or a notice of availability of proxy materials (whichever is earlier) for the preceding year's annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or if the date of the annual meeting is changed by more than 25 days from the one-year anniversary of the date of the previous year's annual meeting, then notice by the stockholder to be timely must be so received by our Secretary not earlier than 5:00 p.m., Pacific time, on the 120th day prior to such annual meeting and not later than 5:00 p.m., Pacific time, on the later of (i) the 90th day prior to such annual meeting or (ii) the 10th day following the day on which Public Announcement (as defined below) of the date of such annual meeting is first made. That notice must state the information required by Section 2.4 of our amended and

restated bylaws, and otherwise must comply with applicable federal and state law. Our Secretary will provide a copy of the amended and restated bylaws upon request in writing from a stockholder. “Public Announcement” shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by us with the SEC pursuant to Section 13, 14 or 15(d) of the Exchange Act, or by such other means as is reasonably designed to inform the public or our stockholders in general of such information, including, without limitation, posting on our investor relations website.

Stockholders also have the right to propose director candidates for consideration by the Corporate Governance and Nominating Committee or our Board and also directly nominate director candidates, without any action or recommendation on the part of the Corporate Governance and Nominating Committee or our Board, by following the procedures set forth in the section of this proxy statement titled “Stockholder Proposals.”

Deadline for Stockholder Nominations to the Board of Directors under the Universal Proxy Rules

To comply with universal proxy rules, stockholders who intend to solicit proxies in support of director nominees (other than our nominees) in connection with our 2025 Annual Meeting must provide the information required by Rule 14a-19 of the Exchange Act no later than March 12, 2025.

Compensation Committee Interlocks and Inside Participation

None of the members of our Compensation Committee is or has been an officer or employee of our company. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the Board or Compensation Committee (or other Board committee performing equivalent functions or, in the absence of any such committee, the entire Board) of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. The code of business conduct and ethics is available on our website at <http://investor.allakos.com/investor-relations> in the “Corporate Governance” section of our Investors webpage. We intend to disclose any future amendments to such code, or any waivers of its requirements, applicable to any principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions or our directors on our website identified above.

Communications with the Board

Our Board believes that management speaks for Allakos Inc. Individual board members may, from time to time, communicate with various constituencies that are involved with the Company, but it is expected that board members would do this with knowledge of management and, in most instances, only at the request of management.

In cases where stockholders and other interested parties wish to communicate directly with our non-management directors, messages can be sent to our Secretary, at 825 Industrial Road, Suite 500, San Carlos, California 94070. Our Secretary monitors these communications and will provide a summary of all received messages to the Board at each regularly scheduled meeting of the Board. Our Board generally meets on a quarterly basis. Where the nature of a communication warrants, our Secretary may determine, in his or her judgment, to obtain the more immediate attention of the appropriate committee of the board or non-management director, of independent advisors or of Company management, as our Secretary considers appropriate.

Our Secretary may decide in the exercise of his or her judgment whether a response to any stockholder or interested party communication is necessary.

This procedure for stockholder and other interested party communications with the non-management directors is administered by the Company’s Corporate Governance and Nominating Committee. This procedure does not apply

to (a) communications to non-management directors from officers or directors of the Company who are stockholders, (b) stockholder proposals submitted pursuant to Rule 14a-8 or Rule 14a-19 under the Exchange Act or (c) communications to the Audit Committee pursuant to the Complaint Procedures for Accounting and Auditing Matters.

Stock Ownership and Policy on Trading, Pledging and Hedging of Company Stock

Certain transactions in our securities (such as purchases and sales of publicly traded put and call options, and short sales) create a heightened compliance risk or could create the appearance of misalignment between management and stockholders. In addition, securities held in a margin account or pledged as collateral may be sold without consent if the owner fails to meet a margin call or defaults on the loan, thus creating the risk that a sale may occur at a time when an officer or director is aware of material, non-public information or otherwise is not permitted to trade in company securities. Our insider trading policy expressly prohibits, without prior approval from our general counsel or chief financial officer, in consultation with our Board or an independent committee thereof, short sales and derivative transactions of our stock by our officers, directors, employees and agents and their respective affiliates, purchases or sales of puts, calls or other derivative securities of the Company, or hedging transactions. In addition, our insider trading policy expressly prohibits our executive officers, directors, employees and agents and their respective affiliates from borrowing against Company securities held in a margin account, or, pledging our securities as collateral for a loan, in each case without prior approval from our general counsel or chief financial officer, in consultation with our Board or an independent committee thereof.

Removal of Directors; Vacancies

Our amended and restated certificate of incorporation and amended and restated bylaws provide that the number of directors will be fixed from time to time exclusively pursuant to a resolution adopted by the Board. Newly created director positions resulting from an increase in size of the Board and vacancies may be filled by our Board, subject to certain exceptions. Any or all of the directors may be removed from office by the stockholders only for cause.

EXECUTIVE OFFICERS

Our Board chooses our executive officers, who then serve at the discretion of our Board. There is no family relationship between any of the directors or executive officers and any of our other directors or executive officers. EXECUTIVE COMPENSATION DISCUSSION

Overview

This Executive Compensation Discussion explains our executive compensation program for our NEOs listed below and describes the Compensation Committee's process for making compensation decisions, including its rationale for specific decisions related to compensation paid to our NEOs in the fiscal year ended December 31, 2023.

| Name | Position |
|-------------------------|--------------------------------------|
| Robert Alexander, Ph.D. | Chief Executive Officer and Director |
| Baird Radford | Chief Financial Officer |
| Adam Tomasi, Ph.D. | President |

Although Allakos qualifies as an “smaller reporting company” as defined by the SEC, which allows us to take advantage of scaled-back disclosure requirements, we are including more extensive narrative in this Executive Compensation Discussion about our executive compensation program in an effort to be more transparent. We are also committed to keeping an open dialogue with our stockholders to help ensure that we have a regular pulse on investor perspectives and continue to adjust our compensation program design to align with our business strategy, leadership talent objectives and investor expectations. Over the last few years, ongoing communications with our stockholders have helped validate the philosophy, objectives, and design of our overall compensation program and provided us with important perspectives on how to improve and better explain our program in the future.

EXECUTIVE SUMMARY

About Our Business and How We Approach Performance-Based Compensation

We are a clinical stage biotechnology company developing therapeutics which target immunomodulatory receptors present on immune effector cells involved in allergic, inflammatory and proliferative diseases. Activating inhibitory receptors allows us to directly target cells involved in disease pathogenesis and, in the setting of allergy and inflammation, has the potential to result in broad inhibition of inflammatory cells. In the setting of proliferative diseases, blocking the inhibitory function of the receptors could restore the immune cells' ability to identify and kill proliferative cells. Our most advanced product candidate, AK006, is currently in a Phase 1 clinical trial.

As the biopharmaceutical industry is characterized by a very long product development cycle, including a lengthy research and development period and a rigorous approval phase involving clinical studies and governmental regulatory and marketing approval, many of the traditional benchmarking metrics, such as product sales, revenues and profits are inappropriate for an early-stage biopharmaceutical company such as us. Instead, like many of our peers, the specific performance factors our Compensation Committee considers when determining the compensation of our NEOs include:

- key research and development milestones;
- initiation and progress of preclinical and clinical studies for our product candidates;
- establishment and maintenance of key strategic relationships and new business initiatives, including financings; and
- development of organizational capabilities and managing our growth.

These performance factors are considered by our Board and Compensation Committee in connection with our annual performance reviews described below and are a critical component in the determination of annual cash and equity incentive awards for our executives.

2023 Business Highlights

Highlights of our 2023 corporate performance are set forth below.

Lirentelimab Development:

- Completed enrollment in both the Phase 2 study of subcutaneous (“SC”) lirentelimab in patients with atopic dermatitis and the Phase 2b study of subcutaneous lirentelimab in patients with chronic spontaneous urticaria (“CSU”).
- As disclosed in our Exchange Act filings, we announced in January 2024 that we no longer plan to pursue further development of lirentelimab.

AK006 Development:

- Presented preclinical data at the European Academy of Allergy and Clinical Immunology (“EAACI”) Hybrid Congress 2023 highlighting AK006 mechanisms of action and inhibitory activity on IgE and non-IgE activated mast cells. Key findings of the presentation included:
 - AK006 inhibits IgE mediated mast cell activation and shows similar IgE inhibitory activity as remibrutinib.
 - Siglec-6 interacts with mast cell proteins associated with metabolism and signaling that are not seen with Siglec-8.
 - AK006 also inhibits non-IgE mast cell activation pathways, including KIT-mediated activation.
- The AK006 Investigational New Drug (“IND”) application was accepted by the U.S. Food and Drug Administration. The Phase 1, first-in-human, study of AK006 consists of single and multiple ascending doses administered via infusion in healthy adult volunteers. In addition, the Phase 1 study will explore the activity of AK006 in a randomized, double-blind, placebo-controlled cohort of patients with chronic spontaneous urticaria (“CSU”).
- Began dosing healthy volunteers in the single and multiple ascending dose cohorts of the Phase 1 study of Intravenous (“IV”) AK006.

Research Pipeline Development:

- Conducted other preclinical research activities in pursuit of potential future clinical opportunities.

Corporate Matters:

- Appointed Neil Graham, M.D., Rand Sutherland, M.D., and Dolca Thomas, M.D. to our Board.
- The Board formed the Research and Clinical Development Committee.
- Amended and restated bylaws, updated Insider Trading Policy and adopted Clawback Policy.

In January 2024, after reporting topline data from the Phase 2 study of SC lirentelimab in patients with atopic dermatitis and Phase 2b study of SC lirentelimab in patients with chronic spontaneous urticaria we announced that we no longer plan to pursue further development of lirentelimab. As a result, the Company halted lirentelimab-related development activities and announced a restructuring plan to reduce costs and focus on AK006 clinical development.

2023 Compensation Highlights and Objectives

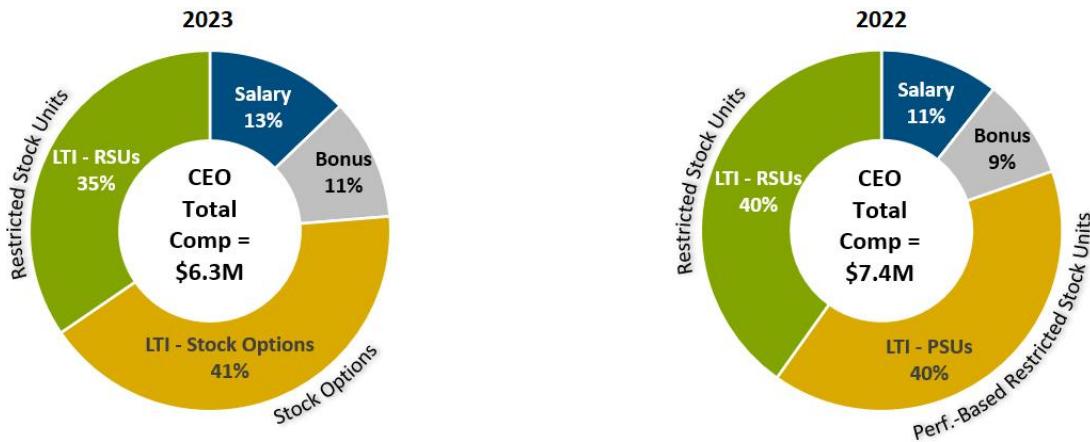

Our executive compensation program seeks to incentivize and reward strong corporate performance and is structured using three primary elements: base salary, annual cash incentives, and long-term equity incentives. Each of these compensation elements serves a specific purpose in our compensation strategy. Base salary is an essential component to any market-competitive compensation program, as it provides for a fixed, base amount of compensation for services performed. Annual cash incentives reward the achievement of short-term goals, while long-term incentives drive our NEOs to focus on long-term sustainable stockholder value creation. Based on our

performance and consistent with the design of our program, the Compensation Committee made the following executive compensation decisions for fiscal 2023:

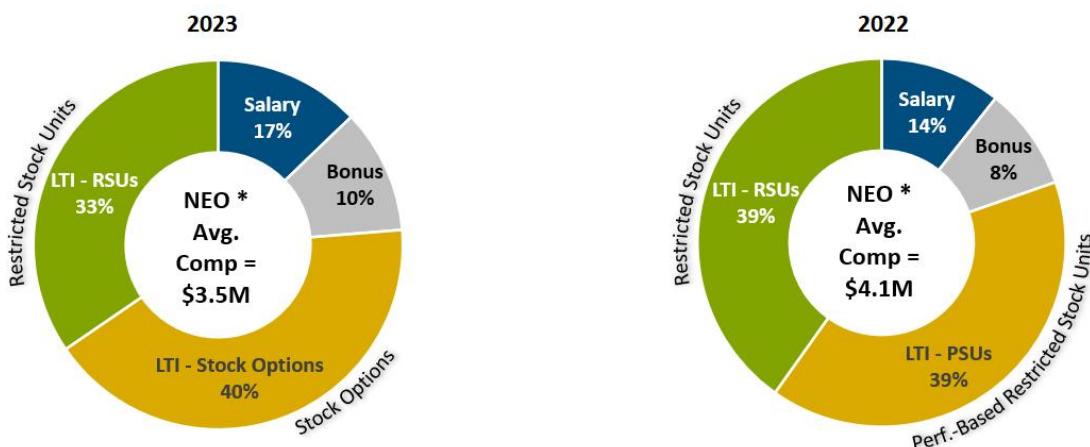

| Element | Performance Period | Highlights and Objectives |
|---|--------------------|--|
| Base Salary | Annual | <ul style="list-style-type: none"> • Recognizes an individual's contribution and performance. • Rewards for the experience, education and criticality to the business. • Serves as an important retention vehicle. • Base salary increased by 3% for NEOs to better align their salaries with market comparators. |
| Short-Term At-Risk Cash Incentives | Annual | <ul style="list-style-type: none"> • Rewards achievement of goals directly tied to strategic priorities. • Bonus payouts depend on the achievement of pre-defined goals and can range from 0% to 150% of target award amounts. • Cash incentive goals for 2023 included advancement of clinical and pre-clinical programs, and operational goals. • Based on performance achievements for 2023 corporate goals and individual performance, annual cash incentive awards were earned at 100% of each NEO's applicable bonus target and paid in January 2024. |
| Long-Term At-Risk Equity Incentives (stock options and RSUs) | Long-term | <ul style="list-style-type: none"> • Supports the achievement of strong stock price growth. • Aligns the interests of executives and stockholders over time. • Serves as an important retention tool with awards vesting over time tied to continued service. • Options vest over four years, with a ten-year term. • RSUs vest over four years. • In 2022, a substantial portion of the awards to the Company's NEOs included PSUs that required performance-based milestones be achieved prior to any portion of the PSUs vest. The PSUs were still outstanding as of December 31, 2023 but, as a result of our decision to halt development of lirentelimab in January 2024, the PSUs for our NEOs were cancelled and no longer remain outstanding. |

CEO and NEO Pay Mix At-A-Glance

The charts below represent the mix of target total direct compensation of our CEO, Dr. Alexander, in 2023 and 2022. Similar to 2022, over 85% of target total compensation was based on elements (cash incentive bonus and long-term equity incentives) that vary from year to year depending on performance.

The charts below represent the mix of target total direct compensation of our NEOs, excluding the CEO, for fiscal year 2023 and 2022. Similar to 2022, over 80% of target total compensation was based on elements (cash incentive bonus and long-term equity incentives) that vary from year to year depending on performance.

Compensation Governance

The following features of our executive compensation program are designed to align our executive team with stockholder interests and with market best practices:

| What We Do | What We Don't Do |
|--|--|
| <ul style="list-style-type: none">• Maintain an independent Compensation Committee of the Board;• Use an independent compensation consultant;• Emphasize variable pay, with a significant portion of target compensation tied to our performance;• Responsible use of shares under our long-term equity incentive program;• Use relevant peer group pay quantum and design data as a reference point; and• In 2023, the Board adopted a compensation clawback policy that requires the Company to pursue recovery of incentive compensation paid to certain officers (including the NEOs) in the event of certain financial statement restatements. | <ul style="list-style-type: none">• Guarantee bonuses or base salary increases;• Allow hedging or pledging of equity unless pre-approved by our Board;• Provide excessive severance payments;• Provide significant perquisites; and• Provide supplemental executive retirement plans including defined benefit pension or non-qualified deferred compensation plans. |

WHAT GUIDES OUR PROGRAMS

Objectives of the Executive Compensation Programs

The goals of our executive compensation programs are to ensure that the interests of our employees, including our NEOs, are aligned with the interests of our stockholders and our business goals, and that the total compensation paid to each of our NEOs is fair, reasonable and competitive.

The guiding principle in the development of our compensation strategy is to create and nurture a pay-for-performance culture, where contributions to enhancing stockholder value have the potential to be matched with appropriate financial rewards. The objectives of our compensation program are to:

- attract the best and brightest employees;
- motivate successful execution of our corporate objectives;
- ensure that, consistent with our pay for performance objectives, broad-based compensation programs are aligned with our corporate objectives that when achieved will promote an increase in value for our stockholders; and
- ensure retention of key staff.

We provide our NEOs with a significant portion of their compensation through annual cash incentive compensation based upon the achievement of corporate objectives for the year, as well as individual performance metrics. We use equity compensation to incentivize our NEOs to enhance the long-term value of our business. These two elements of executive compensation are aligned with the interests of our stockholders because the amount of compensation ultimately received by the NEO will vary with our corporate and operational performance. Equity compensation additionally derives its value from our stock price performance, which is likely to fluctuate based on our operational performance.

Setting Executive Compensation

Role of the Board, the Compensation Committee and Management

Our Board and the Compensation Committee annually review the compensation for all of our NEOs. In setting executive base salaries and bonuses and granting equity incentive awards, our Board and the Compensation Committee, as the case may be, consider compensation for comparable positions in the market and our peer group (as described below), input from the Compensation Committee's independent compensation consultant and from Drs. Alexander and Tomasi, the qualifications, experience and historical compensation levels of our NEOs, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short- and long-term results that are in the best interests of our stockholders, and a long-term commitment to the Company.

Taking into account the factors noted above, our Compensation Committee then approves, or recommends to the Board for approval, the compensation for each NEO. Drs. Alexander and Tomasi work closely with our Board and Compensation Committee in managing our executive compensation program, may attend meetings of the Compensation Committee, and may make recommendations to the Compensation Committee regarding compensation of our executive officers (including their own). Compensation determinations for our NEOs are made by our Compensation Committee or Board without members of management present. The Board makes decisions with respect to Dr. Alexander based on recommendations from the Compensation Committee outside the presence of Dr. Alexander.

Role of the Compensation Consultant

We develop our compensation programs after reviewing publicly available compensation data and subscription survey data for our peer group, provided by Radford, a business unit of Aon plc ("Radford"), among other sources. For 2023, our Compensation Committee retained Compensia, as its independent compensation consultant, to advise on executive compensation matters including: overall compensation program design (including the design of our performance-based equity award program), annual updates to our peer group, and benchmarking executive officer and board of director compensation programs. Compensia reports directly to our Compensation Committee. Our Compensation Committee has assessed the independence of Compensia consistent with Nasdaq listing standards and has concluded that the engagement of Compensia does not raise any conflicts of interest.

Use of Market Compensation Benchmarks

Due to the nature of our business, we compete for executive talent with many public companies that are larger and more established than we are or that possess greater resources than we do, and with smaller private companies that may be able to offer greater equity compensation potential. Our Compensation Committee considers market data for both the annual cash compensation opportunities and the annual long-term incentive compensation opportunities for our NEOs based on the 50th percentile and the 75th percentile of our peer group, with the Compensation Committee using its own experience and judgment, including a consideration of market factors and industry survey data and other recommendations provided by Compensia, the experience level of the executive and the executive's performance against established Company goals, in determining each executive officer's base salary, short-term cash incentive plan and long-term incentive compensation opportunities.

In evaluating the total target compensation (cash and equity) of our NEOs, our Compensation Committee establishes a peer group of publicly traded companies in the biopharmaceutical and biotechnology industries that is selected based on a balance of the following criteria:

- companies whose industry, geography, number of employees, stage of development and market capitalization are similar, at the time of the evaluation, though not necessarily identical, to ours;
- companies with similar executive positions to ours;
- companies against which we believe we compete for executive talent; and
- public companies based in the United States ("U.S.") whose compensation and financial data are available in proxy statements or through widely available compensation surveys.

Based on these criteria, our peer group included the following companies, as approved by our Compensation Committee in December 2022:

| | | |
|-----------------------------|-------------------------------|----------------------------|
| Alector, Inc. | Evelo Biosciences, Inc. | Mersana Therapeutics, Inc. |
| Allogene Therapeutics, Inc. | Fulcrum Therapeutics, Inc. | Omeros Corporation |
| AnaptysBio, Inc. | Gossamar Bio, Inc. | Outlook Therapeutics, Inc. |
| Annexon, Inc. | Immunovant, Inc. | Piant Therapeutics, Inc. |
| Celldex Therapeutics, Inc. | Kiniksa Pharmaceuticals, Ltd. | PMV Pharmaceuticals, Inc. |
| Cogent Biosciences, Inc. | Kodiak Sciences Inc. | Tricida, Inc. |

The following companies were part of the selected comparable companies for purposes of making compensation decisions for 2022 but were excluded from the peer group approved in December 2022 as they no longer complied with the selection criteria: Cortexyme, Inc., CytomX Therapeutics, Inc., Enanta Pharmaceuticals, Inc., Jounce Therapeutics, Inc., Magenta Therapeutics, Inc. The Compensation Committee added AnaptysBio, Inc., Annexon, Inc., Celldex Therapeutics, Inc., Gossamar Bio, Inc., Kodiak Sciences Inc., Mersana Therapeutics, Inc., Omeros Corporation, and PMV Pharmaceuticals, Inc., each of which satisfied all of the targeted criteria described above.

2023 EXECUTIVE COMPENSATION PROGRAM IN DETAIL

2023 Base Salary

We provide base salaries to our NEOs to compensate them with a fair and competitive base level of compensation for services rendered during the year.

Effective January 1, 2023, our Compensation Committee approved base salary adjustments for each of our then-serving NEOs to better align their salaries with market comparators. The table below sets forth the adjustments to base salary for each of our NEOs:

| Name | 2022 Base Salary (\$) | 2023 Base Salary (\$) | % Increase over 2022 |
|-------------------------|-----------------------------|-----------------------------|-------------------------|
| Robert Alexander, Ph.D. | 782,000 | 805,460 | 3 % |
| Baird Radford | 480,000 | 494,400 | 3 % |
| Adam Tomasi, Ph.D. | 689,000 | 709,670 | 3 % |

Annual At-Risk Cash Incentive Program

The Compensation Committee has historically met around the end of each year to review the achievements against that year's pre-defined corporate goals and develop the pre-defined goals for the upcoming year. The 2023 annual cash incentive plan provided our NEOs the opportunity to earn a performance-based annual cash bonus. Actual bonus payouts depend on the achievement of pre-defined goals and can range from 0% to 150% of target award amounts. Each NEO has a target bonus opportunity, defined as a percentage of their annual base salary, that is determined based on peer group data and is considered in the determination of the amount of bonus payable, if any, to each individual. The final bonus payment of each NEO for 2023 was determined by our Board based on an objective review of both Company and individual performance.

2023 Goals and Results

For 2023, our Board pre-defined the following strategic goals, which we believe drive long-term stockholder value and were intended to be reasonably challenging to achieve:

| 2023 Corporate Goals | Weighting | Assessment Results / Achievements | Payout |
|-----------------------------------|--------------|---|--------------|
| Clinical and pipeline development | 85 % | All required milestones met | 85 % |
| Manufacturing initiatives | 15 % | All manufacturing initiatives were achieved | 15 % |
| Total | 100 % | | 100 % |

Based on the evaluation by the Compensation Committee, all of the pre-defined goals were met and cash incentive bonuses for our NEOs for 2023 were determined to be payable at 100% of target levels.

2023 Annual Cash Incentive Award Payouts

The cash incentive bonus targets as a percentage of base salary for 2023 are listed in the table below. The bonus target percentages did not change from 2022 to 2023. The 2023 target cash incentive bonus amounts in dollars, the actual cash incentive bonus amounts paid to our NEOs with respect to 2023 and the actual 2023 cash incentive bonus amounts paid as a percentage of the 2023 bonus targets are set forth in the table below.

| Name | 2023 Target Award Opportunity (% of 2023 Base Salary) | 2023 Target Cash Incentive Award Opportunity (\$) | 2023 Cash Incentive Award Payment (\$)(1) | 2023 Actual Cash Incentive Award Payment (% of 2023 Target Cash Incentive Award Opportunity) |
|-------------------------|---|---|---|--|
| Robert Alexander, Ph.D. | 85 % | 684,641 | 684,641 | 100 % |
| Baird Radford | 45 % | 222,480 | 222,480 | 100 % |
| Adam Tomasi, Ph.D. | 60 % | 425,802 | 425,802 | 100 % |

(1) The 2023 Cash Incentive Award Payments to the NEOs were paid in January 2024.

Long-Term Equity Incentive Compensation Program

The market for qualified and talented executives in the biopharmaceutical industry is highly competitive and we compete for talent with many companies that have greater resources than we do. Accordingly, we believe equity compensation is a crucial component of any competitive executive compensation package we offer.

2023 Annual Equity Grants

For 2023 annual equity grants, the Compensation Committee approved target long-term equity incentives based on a mix of stock options and restricted stock unit awards (RSUs) for all NEOs. The table below shows the target annual long-term incentive award values granted for fiscal 2023:

| Name | 2023 Stock Options | | | 2023 RSUs | | | Total Target Award Value (\$) |
|-------------------------|--------------------|------------|-----------|------------|------------|-----------|-------------------------------|
| | # of Units | Grant Date | \$ Value | # of Units | Grant Date | \$ Value | |
| Robert Alexander, Ph.D. | 462,325 | \$ | 2,623,519 | 301,575 | \$ | 2,171,340 | \$ 4,794,859 |
| Baird Radford | 194,144 | \$ | 1,101,693 | 126,640 | \$ | 911,808 | \$ 2,013,501 |
| Adam Tomasi, Ph.D. | 300,471 | \$ | 1,705,059 | 195,997 | \$ | 1,411,178 | \$ 3,116,237 |

Award amounts for stock options and RSUs were determined based on the closing price of our common stock on the date of grant on January 6, 2023, which was \$7.20.

The stock options portion of the 2023 annual equity grant vested as to 25% of the award on January 6, 2024, and the remainder of the award is scheduled to vest in 36 equal installments each month thereafter, so long as the NEO continues as a service provider through each applicable vesting date.

The RSU portion of the 2023 annual equity grant vested as to 25% of the award on March 1, 2024, and the remainder of the RSUs are scheduled to vest in 12 equal installments after each three-month period thereafter, so long as the NEO continues as a service provider through each applicable vesting date.

With respect to the PSUs that were granted to NEOs in 2022, and as disclosed in the 2023 proxy statement, 100% of the PSUs were to vest upon the first completion of any of the Company's Phase 2 or Phase 3 studies of lirentelimab that meets its primary endpoints (other than the Company's eosinophilic duodenitis-only study, which was

commenced in 2021). As a result of our decision to halt development of lrentelimab in January 2024, the PSUs for our NEOs were cancelled and no longer remain outstanding.

OTHER COMPENSATION PRACTICES, POLICIES & GUIDELINES

Benefits and Other Compensation

Other compensation to our executives consists primarily of the broad-based benefits we provide to all full-time employees, including medical, dental and vision insurance, medical and dependent care flexible spending accounts, group life and disability insurance, an employee stock purchase plan and a 401(k) plan. NEOs are eligible to participate in all our employee benefit plans, in each case on the same basis as other employees. Pursuant to our 2018 Employee Stock Purchase Plan (the “2018 ESPP”), employees, including our NEOs, have an opportunity to purchase our common stock at a discount on a tax-qualified basis through payroll deductions. The 2018 ESPP is designed to qualify as an “employee stock purchase plan” under Section 423 of the Internal Revenue Code (the “Code”). The purpose of the 2018 ESPP is to encourage our employees, including our NEOs, to become our stockholders and better align their interests with those of our other stockholders.

Our tax-qualified 401(k) plan provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. All participants’ interests in their contributions are 100% vested when contributed. Pre-tax contributions are allocated to each participant’s individual account and are then invested in selected investment alternatives according to each participant’s directions. The retirement plan is intended to qualify under Section 401(a) of the Code. All eligible and participating employees receive a 401(k) match of 100% on pre-tax contributions, up to the first 3% of eligible compensation, and an additional match of 50% on incremental pre-tax contributions, up to 5% of eligible compensation.

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our NEOs, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make them more efficient and effective, and for recruitment and retention purposes. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual NEO in the performance of his or her duties, to make him or her more efficient and effective, and for recruitment, motivation or retention purposes.

We do not offer any defined benefit pension plans or nonqualified defined compensation arrangements for our employees, including our NEOs.

Severance and Change in Control Benefits

Each NEO is entitled to receive severance benefits under the terms of his amended offer letter, in the case of Drs. Alexander and Tomasi, or under our standard change in control and severance policy (“Severance Policy”), in the case of Mr. Radford, upon either termination by us without cause or a resignation by the NEO for good reason. We provide these severance benefits in order to provide an overall compensation package that is competitive with that offered by the companies with whom we compete for executive talent. Additionally, severance benefits allow our executives to focus on our objectives without concern for their employment security in the event of a termination.

The severance benefits provided upon a qualifying termination of a NEO’s employment in connection with a change in control are higher than severance benefits provided under other qualifying termination events, which is consistent with market practice. The Compensation Committee approved these enhanced severance and change in control benefits because it considers maintaining a stable and effective management team to be important to protecting and enhancing the best interests of the Company and its stockholders. To that end, the Compensation Committee recognizes that the possibility of a change in control may exist from time to time, and that this possibility, and the uncertainty and questions it may raise among management, could result in the departure or distraction of management to the detriment of the Company and its stockholders. Accordingly, the enhanced severance benefits have been put in place to encourage the attention, dedication and continuity of members of our management team to their assigned duties without the distraction that may arise from the possibility or occurrence of a change in control

and concern for their employment security in the event of a termination. The Compensation Committee took into account the same factors in agreeing to a provision providing for the single trigger vesting upon a change in control of all then outstanding equity awards held by each of Drs. Alexander and Tomasi in their offer letters, and also in agreeing to provide a gross up payment for excise taxes that Drs. Alexander and Tomasi may incur upon a change in control under Sections 280G and 4999 of the Code under certain circumstances in their offer letters. In each case, the Compensation Committee determined that providing the single trigger vesting and the excise tax gross up was critical in persuading the NEO to join us.

Equity Incentive Plans

Our 2012 Equity Incentive Plan (the "2012 EIP") permitted the grant of incentive stock options to our employees and our subsidiary corporations' employees, and the grant of nonstatutory stock options, stock appreciation rights, restricted stock and RSUs to our employees, directors and consultants and our subsidiary corporations' employees and consultants. The 2012 EIP terminated in connection with our initial public offering in July 2018 but continues to govern outstanding awards granted thereunder.

Our 2018 Equity Incentive Plan (the "2018 EIP") provides for the grant of incentive stock options to our employees and any of our subsidiary corporations' employees, and for the grant of nonstatutory stock options, restricted stock, RSUs, stock appreciation rights, performance units and performance shares to our employees, directors and consultants and our subsidiary corporations' employees and consultants. Our Compensation Committee (or our Board acting as the committee under the 2018 EIP) makes all determinations deemed necessary or advisable for

administering the 2018 EIP, including but not limited to, selecting the service providers to whom awards may be granted, determining the number of shares covered by each award, approving forms of award agreements for use under the 2018 EIP, determining the terms and conditions of awards (including, but not limited to, the exercise price, the time or times at which awards may be exercised, any vesting acceleration or waiver or forfeiture restrictions and any restriction or limitation regarding any award or the shares relating thereto).

Potential Payments upon Termination or Change in Control

Our 2018 EIP provides that in the event of a merger or change in control, as defined under our 2018 EIP, each outstanding award will be treated as the Compensation Committee determines, without requiring a participant's consent. The Compensation Committee is not required to treat all awards, all awards held by a participant or all awards of the same type, similarly.

If a successor corporation does not assume or substitute for any outstanding award, then the participant will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights, all restrictions on restricted stock and RSUs will lapse, and for awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at 100% of target levels and all other terms and conditions met. If an option or stock appreciation right is not assumed or substituted in the event of a change in control, the Compensation Committee will notify the participant in writing or electronically that such option or stock appreciation right will be exercisable for a period of time determined by the Compensation Committee in its sole discretion and the option or stock appreciation right will terminate upon the expiration of such period.

Our 2012 EIP provides that in the event of a merger or change in control, as defined under the 2012 EIP, each outstanding award will be treated as the Compensation Committee determines. If a successor corporation or its parent or subsidiary does not assume or substitute an equivalent award for any outstanding award, then such award will fully vest, all restrictions on the shares subject to such award will lapse, all performance goals or other vesting criteria applicable to the shares subject to such award will be deemed achieved at 100% of target levels and all of the shares subject to such award will become fully exercisable, if applicable, for a specified period prior to the transaction. The award will then terminate upon the expiration of the specified period of time. If an option or stock appreciation right is not assumed or substituted in the event of a merger or change in control, the Compensation Committee will notify the applicable participant in writing or electronically that the award will be exercisable for a period of time determined by the Compensation Committee, and the option or stock appreciation right will terminate upon the expiration of such period.

Agreements with NEOs

Offer Letters

On July 6, 2018 we entered into an amended offer letter with each of Drs. Alexander and Tomasi, and on April 15, 2021, we entered into an offer letter with Mr. Radford. The officers are employed "at will" so may be terminated by us or the executive officer at any time. The severance and change in control and severance protections available to each of our NEOs are described in detail below.

Change in Control and Severance Policy

Other than Drs. Alexander and Tomasi whose agreements are described further below, we adopted the Severance Policy for Mr. Radford and certain other key employees.

Under the Severance Policy, if we terminate an eligible executive other than for "cause," death or "disability" or they resign for "good reason", in each case, during the period beginning upon a "change in control", such terms as defined in the Severance Policy, and ending 24 months following the change in control, such period referred to as the "change in control period", they will be eligible to receive the following severance benefits (less applicable tax withholdings): (i) a lump sum cash amount equal to 12 months of their then-current annual base salary (or if they resign for good reason based on a material reduction in base salary, then their annual base salary in effect immediately prior to such reduction) or if greater, at the level in effect immediately before the change in control, (ii) a lump sum cash amount equal to 100% of their then-current target annual bonus opportunity, (iii) 100% of their then outstanding and unvested equity awards will become fully vested and exercisable, if applicable, and any applicable performance goals will be deemed achieved at 100% of target levels, and (iv) payment or reimbursement

of continued health coverage for them and their dependents under COBRA for a period of up to 12 months, or a taxable lump sum payment in lieu of such payment or reimbursement, as applicable.

Further, under the Severance Policy, if they are terminated other than for cause, death or disability outside the change in control period, they will be eligible to receive the following severance benefits (less applicable tax withholding): (i) a lump sum cash amount equal to 9 months of their then-current annual base salary, (ii) a lump sum cash amount equal to a pro rata portion of their then-current target annual bonus opportunity and (iii) payment or reimbursement of continued health coverage for them and their dependents for a period of up to 9 months, or a taxable lump sum payment in lieu of such payment or reimbursement, as applicable.

To receive any severance benefits under the Severance Policy, they must sign and not revoke our standard separation agreement and release of claims within the timeframe set forth in the Severance Policy.

If any of the payments provided for under the Severance Policy or otherwise payable would constitute “parachute payments” within the meaning of Section 280G of the Code and would be subject to the related excise tax under Section 4999 of the Code, then they will be entitled to receive either full payment of benefits or such lesser amount which would result in no portion of the benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits. The Severance Policy does not require us to provide any tax gross-up payments.

In addition to Mr. Radford’s participation in the Severance Policy, pursuant to his offer letter, 100% of the total number of shares subject to Mr. Radford’s stock options or other stock awards will immediately vest as of the date immediately preceding the change in control, subject to Mr. Radford continuing as a service provider through such date.

Drs. Alexander and Tomasi are not participants in the Severance Policy, but are eligible to receive potential termination or change in control payments and benefits pursuant to their amended offer letters dated July 6, 2018.

Agreements with Drs. Alexander and Tomasi – Change in Control and Severance Provisions

Dr. Alexander’s and Dr. Tomasi’s amended offer letters with us provide that in the event that:

- a “change in control”, as defined in Dr. Alexander’s and Dr. Tomasi’s amended offer letters, occurs, 100% of the total number of shares subject to Dr. Alexander’s and Dr. Tomasi’s company options or other stock awards will immediately vest as of the date immediately preceding the change in control, subject to his continued employment through such date;
- during the period commencing 3 months before a change in control and ending upon a change in control, such period referred to as the pre-change in control period, Dr. Alexander’s or Dr. Tomasi’s employment is terminated (i) by us without cause, (ii) due to his death or disability or (iii) by him for good reason, then 100% of the total number of shares subject to his company options or other stock awards that have not vested will immediately vest and become exercisable; and
- Dr. Alexander’s or Dr. Tomasi’s employment is terminated by us without cause (and other than due to his death or disability) or by him for good reason, in either case, outside the pre-change in control period, then the total number of shares subject to his company options or other stock awards that have not vested but would have vested if he had remained employed on the first anniversary of the date of his termination will immediately vest and become exercisable.

To receive the vesting acceleration benefits above that require a qualifying termination of Dr. Alexander’s or Dr. Tomasi’s employment, he must timely sign and not revoke a separation agreement and release of claims in our favor.

Each of Dr. Alexander’s and Dr. Tomasi’s amended offer letters provides that his existing company stock options and any future company stock options granted to him by us that are vested and outstanding on the date of termination will continue to be exercisable for a period of 24 months (or such longer period as provided in the company equity plan under which the applicable option was granted) after the earlier of: his termination of employment due to his death or “disability”, as defined in the applicable company equity plan, or his termination of employment by us other than for “cause”, death or “disability” or by him for “good reason”, each such term as

defined in Dr. Alexander's and Dr. Tomasi's amended offer letter, subject to earlier termination under the terms of the applicable company equity plan, except no company option of his will be exercisable after its expiration date.

Under each of Dr. Alexander's and Dr. Tomasi's amended offer letters, if we terminate his employment other than for cause, death or disability or he resigns for good reason, in each case, during the period beginning upon a change in control and ending 24 months after the change in control, such period referred to as the post-change in control period, he will be eligible to receive the following severance benefits (less applicable tax withholdings): (i) a lump sum cash amount equal to 24 months of his then-current annual base salary, (ii) a lump sum cash amount equal to 200% of his then-current target annual bonus opportunity and (iii) reimbursement of continued health coverage for him and his eligible dependents under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, or COBRA, for a period of up to 24 months, or a taxable lump sum payment in lieu of such reimbursement.

Further, under Dr. Alexander's and Dr. Tomasi's amended offer letters, if his employment is terminated by us other than for cause, death or disability or by him for good reason outside the post-change in control period, he will be eligible to receive the following severance benefits (less applicable tax withholding): (i) continuation of his then-current annual base salary for 12 months following his termination date (ii) a lump sum cash amount equal to a pro rata portion of his then-current target annual bonus opportunity and (iii) reimbursement of continued health coverage for him and his eligible dependents for a period of up to 12 months, or a taxable lump sum payment in lieu of such reimbursement.

To receive any of the severance benefits described above, Dr. Alexander and Dr. Tomasi must timely sign and not revoke a separation agreement and release of claims in our favor.

Finally, Dr. Alexander's and Dr. Tomasi's amended offer letters provide that:

- if any severance or other benefits payable to Dr. Alexander or Dr. Tomasi constitute "parachute payments" within the meaning of Section 280G of the Code and could be subject to the related excise tax under Section 4999 of the Internal Revenue Code, he would be entitled to receive either full payment of benefits or such lesser amount (except such reduction will not exceed \$50,000 of the full amount), whichever would result in his receipt in the greater amount of after-tax benefits; and
- if any portion of the severance or other benefits provided will be subject to the excise tax imposed by Section 4999 of the Code after applying the process in the paragraph above, he will receive a payment from us equal to the sum of (i) the amount sufficient to pay such excise tax, and (ii) the amount sufficient to pay the excise tax, employment tax, and federal and state income taxes arising from the payment described in this sentence.

Estimated Payment and Benefits Upon Termination or Change of Control

The amount of compensation and benefits payable to each NEO under our current employment arrangements in various termination and change in control situations has been estimated in the tables below. The value of the equity vesting acceleration was calculated for each of the tables below based on the assumption that the change in control and the NEO's employment termination occurred on December 31, 2023. The per share closing price of the Company's stock on Nasdaq as of December 29, 2023 was \$2.73, which was used as the value of a share of the Company's stock in the change in control for the calculations below. The value of the option vesting acceleration was calculated by multiplying the number of shares underlying unvested options subject to vesting acceleration as of December 31, 2023, by the difference between the per share closing price of the Company's stock as of December 31, 2022, and the per share exercise price for such shares underlying unvested options. The value of restricted stock unit vesting acceleration was calculated by multiplying the number of unvested RSUs subject to vesting acceleration as of December 31, 2023, by the per share closing price of the Company's stock as of December 31, 2023.

In the event of a change in control or a qualifying termination during the three-month period prior to a change in control, 100% of the total number of shares subject to Dr. Alexander’s stock options, PSUs and RSUs will immediately vest as of the date immediately preceding the change in control or the date of the qualifying termination, as applicable.
- (3) Upon termination due to death or disability (as defined in Dr. Alexander’s amended offer letter) during the three-month period prior to a change in control, 100% of the total number of shares subject to Dr. Alexander’s stock options, PSUs and RSUs will immediately vest as of the date of such termination. If the termination due to death or disability does not occur within the three-month period prior to a change in control, no accelerated vesting will occur as a result of such termination and Dr. Alexander is not entitled to any other severance benefits on a termination due to death or disability.
- (4) Amounts in this column reflect the cost of providing reimbursement of continued health coverage for Dr. Alexander and his eligible dependents under COBRA for 12 months following a qualifying termination if such termination is not within the 24-month period following a change in control or for 24 months following a qualifying termination if such termination is within the 24-month period following a change in control.

401(k) Plan

We maintain a 401(k) retirement savings plan for the benefit of our employees, including our NEOs, who satisfy certain eligibility requirements. Under the 401(k) plan, eligible employees may elect to defer a portion of their compensation, within the limits prescribed by the Code, on a pre-tax or after-tax (Roth) basis, through contributions to the 401(k) plan. The 401(k) plan authorizes employer safe harbor contributions. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Code. As a tax-qualified retirement plan, pre-tax contributions to the 401(k) plan and earnings on those pre-tax contributions are not taxable to the employees until distributed from the 401(k) plan, and earnings on Roth contributions are not taxable when distributed from the 401(k) plan. We match 100% of the contributions that eligible participants make to the 401(k) plan up to 3.00% of the participant's eligible compensation. Contributions from 3.01% to 5.00% are matched at 50%.

Limitation of Liability and Indemnification

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we will indemnify our directors and officers, and may indemnify our employees and other agents, to the fullest extent permitted by Delaware law. Delaware law prohibits our amended and restated certificate of incorporation from limiting the liability of our directors for the following:

- any breach of the director's duty of loyalty to us or to our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- unlawful payment of dividends or unlawful stock repurchases or redemptions; and
- any transaction from which the director derived an improper personal benefit.

If Delaware law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law, as so amended. Our amended and restated certificate of incorporation does not eliminate a director's duty of care and, in appropriate circumstances, equitable remedies, such as injunctive or other forms of non-monetary relief, remain available under Delaware law. This provision also does not affect a director's responsibilities under any other laws, such as the federal securities laws or other state or federal laws. Under our amended and restated bylaws, we are also empowered to purchase insurance on behalf of any person whom we are required or permitted to indemnify.

In addition to the indemnification required in our amended and restated certificate of incorporation and amended and restated bylaws, we have entered into an indemnification agreement with each member of our Board and each of our officers. These agreements provide for the indemnification of our directors and officers for certain expenses and liabilities incurred in connection with any action, suit, proceeding or alternative dispute resolution mechanism or hearing, inquiry or investigation that may lead to the foregoing, to which they are a party, or are threatened to be made a party, by reason of the fact that they are or were a director, officer, employee, agent or fiduciary of our company, or any of our subsidiaries, by reason of any action or inaction by them while serving as an officer, director, agent or fiduciary, or by reason of the fact that they were serving at our request as a director, officer, employee, agent or fiduciary of another entity. In the case of an action or proceeding by or in the right of our company or any of our subsidiaries, no indemnification will be provided for any claim where a court determines that the indemnified party is prohibited from receiving indemnification. We believe that these charter and bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit us and our stockholders. Moreover, a stockholder's investment may be harmed to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable.

As a result of our initial public offering and the adoption of the 2018 EIP, we no longer grant awards under the 2012 EIP; however, all outstanding options issued pursuant to the 2012 EIP continue to be governed by their existing terms. To the extent that any such awards are forfeited or lapse unexercised or are repurchased, the shares of common stock subject to such awards will become available for issuance under the 2018 EIP.
- (2) Our 2018 EIP provides that the number of shares available for issuance under the 2018 EIP will automatically increase on each January 1, beginning with the fiscal year ending December 31, 2019, equal to the least of (i) 5,000,000 shares, (ii) 5% of the outstanding shares of common stock as of the last day of the preceding fiscal year and (iii) such other amount as the Board may determine.

(1) The fees paid to nonemployee directors are described further below.

(2) The amounts disclosed represent the aggregate grant date fair value of option awards as calculated in accordance with ASC 718. The assumptions used in calculating the grant date fair value of the award disclosed in this column can be found in Note 2 to our audited financial statements for the year ended December 31, 2023 included in our Annual Report on Form 10-K filed with the SEC on March 14, 2024. Note that the number of awards was determined based on the 30-day moving average prior to the grant date consistent with the Outside Director Compensation Policy, however, the fair value of the awards is determined based on the valuation as of the date of grant. As of December 31, 2023, each nonemployee director held vested and unvested stock options as follows: Mr. Janney, 168,590 vested stock options and 86,762 unvested stock options; Mr. Andreatta, 168,590 vested stock options and 86,762 unvested stock options; Mr. Walker, 168,590 vested stock options and 86,762 unvested stock options; Mr. James, 205,170 vested stock options and 86,762 unvested stock options; Dr. Ladd, 110,111 vested stock options and 209,828 unvested stock options; Dr. Sutherland, 21,498 vested stock options and 133,288 unvested stock options; Dr. Thomas, 21,498 vested stock options and 133,288 unvested stock options; and Dr. Graham, 17,198 vested stock options and 137,588 unvested stock options.

(4) Dr. McKearn's director compensation reflects that he resigned from our Board in May 2023.

Directors who are also our employees receive no additional compensation for their service as directors. Dr. Alexander was our only employee director during 2023. See "Executive Officer and Director Compensation" for additional information about Dr. Alexander's compensation.

In May 2023, each of our nonemployee directors, excluding Dr. John McKearn, who resigned from the Company's Board in May 2023, Drs. Sutherland and Thomas who joined the Company's Board in July 2023 and Dr. Graham who joined the Company's Board in August 2023, was granted an option to purchase 86,762 shares of our common stock, in each case, at a per share exercise price equal to \$4.81. Each of these options fully vests on the earlier of (i) the one-year anniversary of the date of grant or (ii) the date of the next annual meeting of our stockholders that occurs following the grant, in each case, subject to each director's continued service through the vesting date.

Outside Director Compensation Policy

In 2020, our Compensation Committee engaged Compensia to assist in crafting our outside director compensation policy effective April 2020. Compensia provided our Compensation Committee with competitive data, analysis and recommendations regarding nonemployee director compensation. After careful consideration of this information and the scope of the duties and responsibilities of our nonemployee directors, our Board approved our outside director compensation policy effective April 2020 ("2020 Outside Director Compensation Policy"), which we believe provides reasonable compensation to our nonemployee directors that is commensurate with their contributions and appropriately aligned with our peers. We also reimburse our directors for expenses associated with attending

meetings of our Board and committees of our Board. Outside director compensation is reviewed at least annually and in 2023 was updated effective April 14, 2023 to reflect adjustments to equity compensation amounts deemed warranted based on consultation with Compensia and relative to prevailing market data, as well as updated effective July 31, 2023 (“2023 Outside Director Compensation Policy”), to add cash compensation amounts for the newly created Research and Clinical Development Committee.

2023 Cash Compensation

Under the 2023 Outside Director Compensation Policy, our nonemployee directors are entitled to receive the following cash compensation for their services on an annual basis:

- \$47,500 for service as a Board member;
- \$45,000 as an additional retainer for service as chair of the Board;
- \$20,000 for service as chair of the Audit Committee;
- \$10,000 for service as a member of the Audit Committee;
- \$15,000 for service as chair of the Compensation Committee;
- \$7,500 for service as a member of the Compensation Committee;
- \$10,000 for service as chair of the Corporate Governance and Nominating Committee;
- \$5,000 for service as a member of the Corporate Governance and Nominating Committee;
- \$15,000 for services as chair of the Research and Clinical Development Committee; and
- \$7,500 for service as a member of the Research and Clinical Development Committee.

All cash payments to nonemployee directors will be paid quarterly in arrears on a prorated basis.

2023 Equity Compensation

Our Compensation Committee consulted with Compensia to perform an analysis of our nonemployee director compensation policy relative to prevailing market data. Based on its review, the Board decided to approve the following equity compensation for non-employee members of the Board as follows, effective April 14, 2023:

- Initial option grants for new nonemployee directors with a pre-determined fair value amount of \$593,000 based on the 30-day moving average prior to the grant date. This represents the 75th percentile compared to our peer group. Each initial option grant will vest as to 1/36th of the shares subject to the initial option grant each month following the commencement of the applicable nonemployee director’s service as a nonemployee director, in each case, subject to continued service through each applicable vesting date.
- Annual option grants for nonemployee directors, which are made on the date of each annual meeting of our stockholders, with a pre-determined fair value amount of \$296,000 based on the 30-day moving average prior to the grant date. Each annual option grant will fully vest on the earlier of (i) the one-year anniversary of the date of grant of the annual option grant or (ii) the date of the next annual meeting of our stockholders that occurs following the grant of such annual option grant, in each case, subject to continued service through the applicable vesting date.

We believe the 2023 Outside Director Policy, provides reasonable compensation to our nonemployee directors that is commensurate with their contributions and appropriately aligned with our current peers and the Company’s current environment.

In the event of a change in control, as defined in the 2018 EIP, all of a nonemployee director’s outstanding company awards (including his or her initial option and his or her annual options, as applicable) will become fully vested and exercisable (if applicable) immediately before such change in control.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review and Approval of Related Party Transactions

Our Audit Committee has the primary responsibility for reviewing and approving or disapproving related party transactions. The charter of our audit committee provides that our audit committee shall review and approve in advance any related party transaction.

We have a formal written policy providing that we are not permitted to enter into any related party transaction without the consent of our audit committee. In approving or rejecting any such transaction, our audit committee is to consider the relevant facts and circumstances available and deemed relevant to our audit committee, including whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. Additionally, the Audit Committee must present material related party transactions to the full Board for approval.

Related Party Transactions

In September 2022, we completed an underwritten common stock offering. Aggregate proceeds received from the offering were approximately \$140.5 million, net of underwriting commissions and related expenses, extending our cash runway. The following table presents the number of shares and preferred stock warrants and total purchase price paid by these entities.
